PROJECTS

Notiflow – AI Smart Reminder System

May 2025 – Jul 2025

github.com/dhirajdurgade7758/notiflow

AI-powered reminder system with natural language commands, multi-channel notifications, Celery scheduling, and Web-Socket alerts.

- Built LLM-powered parser for recurring reminders (Groq LLaMA3).
- Integrated Celery + Redis for periodic tasks and failure alerts.
- Used Django Channels + HTMX for real-time in-app notifications.

Job Portal & AI Resume Generator

Mar 2025 – May 2025

github.com/dhirajdurgade7758/jobportal

Job search platform using Elasticsearch, Redis caching, and AI-generated resumes with PDF export.

- Full-text search using Elasticsearch 8.x and dynamic filters.
- AI resume summaries using GPT-4o / Mixtral (Groq/OpenAI).
- Exported resumes as PDFs using xhtml2pdf.

RealTime ChatApp

Feb 2025 – Mar 2025

github.com/dhirajdurgade7758/chatAPP

Group/private chat app with real-time messaging, file uploads, and email verification.

- WebSockets and Django Channels for live chat experience.
- HTMX-powered UI updates and Tailwind CSS styling.
- Email-based account verification before access.

AI Resume Assistant

Jan 2025 – Feb 2025

github.com/dhirajdurgade7758/ai-resume-assistant

AI-powered resume generation tool built with Django and OpenAI.

- Users input skills/experience to generate professional resumes.
- Integrated OpenAI API for custom summary generation.
- Simple UI with Bootstrap and PDF download option.
